BIRTH OF COUPLES

Every year, every summer, our society gives birth to couples, this summer camp, also not exceptional.

There counted almost twenty couples, born caused in our camping this year. This phenomena became conspicuous on November 26 in the term of the Waseda Festival according to a reliable source.

It rightly be assumed that no one shouldn't trespass their warmth, but something needed to say on them, some one would be in doubt it the atmosphere of our society whether boys are always in search of girls, while girls do same. In some way is true, those boys and girls get together at the same place enjoying a week in our summer camp, needless to say that they find their friends.
